Forward

A record of existing and readable footstones and headstones as at August 2008, revisited 2011

The headstone provides a genealogical record of names, dates, age and relationships of people etc

A footstone shows the deceased's initials and year of death. I have included them where the headstone is missing or unreadable

Gravestone Inscriptions by location

The churchyard has been split into 4 defined burial areas to help locate the gravestone

- 1) Southeast moving westwards (left of path from main boundary gate)
- 2) West, from boundary wall towards Church and wildflower meadow
- 3) East
