Forward

A record of existing and readable footstones and headstones as at May 2008, revisited 2011

The headstone provides a genealogical record of names, dates, age and relationships of people etc

A footstone shows the deceased's initials and year of death. I have included them where the headstone is missing or unreadable

Gravestone Inscriptions by location

The churchyard has been split into 3 defined burial areas to help locate the gravestone

- 1) West (right of path to Church door)
- 2) South (left of path behind church moving eastwards)
- 3) North (front of Church, left of path)

1) West
